Emergency luminaire With LED GRP

6409/4148-5101-162-1110-11-850011 Art. No. 271004

- The latest LED technology with a high luminous efficacy and a long service life
- · Extremely high luminaire efficacy
- Variants with 90 minutes or 180 minutes emergency lighting duration available
- Luminous flux after 100,000 h still 90% of the starting luminous flux
- Optionally with DALI for controlling and monitoring the luminaire
- Automatic weekly function test and annual rated operating time test

MY R. STAHL 6409C

The emergency luminaire with Series 6409/4 LED with integrated battery can be installed in standby switching, continuous mode or in switchable stand-by switching. A weekly functional test and annual rated operating time test are performed automatically. The results are indicated by an LED.
